

THE AWARD AND GETTING IT RIGHT

GETTING THE TIMING RIGHT

- For each of the Service, Skill and Physical Recreation sections you should ideally be active for 1 hour every week over the time chosen, however you can count 4 hours of activity every 28 days can count towards your total Award requirement
- You can only count what you have done since your registration date. This applies to each level.
- If you are doing school-based activities and not doing anything over the long Christmas holidays, ***you will need to make up the time later***. The same applies if you miss time for any other reason.

CHOOSING YOUR ASSESSOR

Your assessor must be an adult ***with relevant experience*** to your chosen activity. They should be chosen before the section is started and they should oversee what you are doing and mentor you over the time chosen.

The assessors report needs to be ***specific***. It must include confirmation of regular attendance and a comment on your improvement in your activity. ***Please note family members CAN'T be assessors.***

ADVENTUROUS JOURNEY

Activities should take place in the following order for the Adventurous Journey section:

PRELIMINARY TRAINING → PRACTICE JOURNEY → QUALIFYING JOURNEY

PHYSICAL RECREATION

While participating in a sport might require skill, for the purpose of the Award playing sport comes under the Physical Recreation Section only.

TIPS FOR GOLD

- Run your idea for your Residential Project past your Award Leader
- ALL Residential Projects undertaken overseas OR with anyone you know ***MUST*** have pre-approval from National Office. To get pre-approval, complete the form on our website here - <https://dofehillary.org.nz/Residential+Project>

It is **YOUR** job to log your own progress on the ORB, this is not your Award Leaders job!

For more information, check out www.dofehillary.org.nz and talk to your Award Leader.

In the end it is your responsibility to ensure you are doing the right things
for the right length of time - **this is YOUR Award**
