

A STUDY OF BALENYINES CLOTHING MODELLED FOR US BY VELMA KNIGHT

### President's Snippet

Hi everyone.

Well I'm back from my whirlwind trip to LA safe and sound just suffering from a bit of vertigo from roller coasters! Daniel had an amazing time and fulfilled his dream of going to Hollywood.

What a great meeting we had last month it was lovely to welcome so many visitors, I would like to say they came to enjoy our company but know the draw card was our inspirational speaker Cecilee Donovan, Coordinator of the Grandparents Raising Grandchildren Group. She gave a powerful message of the trials and tribulations of having a child living with you when you thought your child rearing days were over, she definitely gave us all something to think about and be thankful for.

Another great night was our Fund-raiser for Foster Hope's "Kits for Kids". We raised \$1466 for this worthy organisation. A really great

effort, thanks to those who attended and/or sold tickets to friends, also thanks to those that contributed food on the night, but a very **BIG** thank you to Carol Woodfield for coordinating our fashion parade **and** to Judith Tanner for convincing so many local businesses to donate prizes for raffles on the night. Well done everyone.

We look forward to handing over a cheque to Richard Boyd from Foster Hope at our next club meeting and hearing a little bit more about this commendable organisation. Hope to see you there.

*Yours in friendship

Inner Wheel Conference. Meryl has been telling us about the conference for weeks – or make that

# INNER WHEEL OF PLIMMERTON

## MAY 2014

month's now; and now it has finally happened: Her brief report follows

The Taranaki team produced a great conference

and the 'On Stage' theme was brilliantly carried through. There were chorus girls to meet us at the Friendship Dinner Thursday evening as well as being treated to lovely singing from a young vocalist, Unity Wara. We were wonderfully entertained at the Conference Opening by dancers weaving 'stories' around the parade of the Taranaki WOW finalists.

The Saturday morning business session so well organised, all the proposals were passed, both amendments were lost and the two resolutions re IWNZ Incorporation and Charitable Status were ratified. No worries for your delegates! The two speakers following really wowed us all. Fiona Black had us in stitches right from the start when she walked onto the stage in full beekeeping rig – removed her helmet to reveal a Pete's Emporium tamoshanter with ginger hair attached and proceeded to tell all of beekeeping in a lovely Scottish accent and with much hilarious action. Detective Inspector

Tusha Penny was next. Those who attended the District meeting last October will know how impressive she is. Most attending the Gala Dinner on Saturday evening were 'dressed' for the theme and the entertainment from young members of the Operatic Society kept us dancing. On Sunday morning the keynote speaker was Terry Long. He has set up the Mellowpuff Trust (after a dying wish from his daughter, Mellissa, who died at 17 after a 5 year battle with cancer), to assist other children in Taranaki dealing with adversity. He spoke of the absolutely overwhelming support that was given by the community and described the way the Trust has been able to help. He has a very big heart – a lovely man. The conference ended with a clever presentation from members of Dist. NZ297 as it will be hosting the National Conference 2016 in Christchurch.
