Dear Andrew

Unveiling and dedication of the Tawa Memorial

Once again, I extend the thanks of all those involved with the development and construction of the Tawa Memorial for your Club's most generous donation to this project. You may be aware that the building of the Memorial has commenced, and on Friday last the first concrete was poured. The project will be completed well before the Service of unveiling and dedication is to take place.

That Service will be held at 10.00am on Saturday 22 April 2017, and both you and members of your Rotary Club of Tawa are most cordially invited to attend. I would be very grateful if you could pass this invitation on to all your members.

We believe this Memorial's unveiling and dedication will be a most significant event in the life of our district, providing a superb place for future generations to gather to commemorate annual ANZAC Days, and to be a reminder of things that are good and noble in the life of our country. In this unique project you and your Club have played their part.

Yours sincerely

Bruce Murray
Chair, Tawa Historical Society.
